

Let's play

1 Solid construction made of black steel S235JR, cleaned in the sandblasting process. Protected against corrosion by galvanizing and powder coating with polyester paint QUALICOAT attested. 1 - steel, 2 - sandblasting, 3 - iron phosphatizing, 4 - zinc base, 5 - polyester powder paint.

2 Solid construction made of stainless steel AISI304 totally resistant to weather conditions.

3 Colorfull HPL panels 13 mm thick, in the highest quality, totally damp-proof and resistant to UV

4 Anti-slip anthracite 10 mm HPL platform plate with a very high resistance to weather conditions and attrition.

5 Post ended with rubber plug buttons made of soft EDPM.

6 Information Board with printout on UV-resistant foil, glued to a hot dip galvanised metal sheet.

7 Connecting elements like screws, nuts, washers made of stainless steel. Vandal-proof screw plugs made of injection molded polyamide.

8 Patented system of connectors and clamps made of strong aluminum alloy. The clamps ensures the stiffness of the construction and the simplicity of assembly. Alluminum is secured by the process of electrophoresis and powder coating with polyester paint UV resistant and Qualicoat attested.

9 Attested 6 mm stainless steel chains.

10 Polyester Power Rope with 38 mm diameter
